## FEATURES:

- Thermoformed in Polypropylene for a strong, safe, and lighter weight container that is economical as well as recyclable.
- Available in white or clear to meet the requirements of most foodservice operations; black can be available upon request.
- Freezer safe and microwaveable allows the container to go from storage to presentation with ease.
- Printable (up to 4 colours on the container and 3 colours on the lid) for professional presentation.

## APPLICATIONS:

- Food Processors
- Grocery Stores
- Restaurants
- Casinos

Our plastic deli containers are recyclable where facilities exist. Please support recycling in your community.
