Plastique Impeccable • Plastics Made Perfect

by WNA

*EarthSense™*

*Practical Sense,  
Elegant Image*

*Upscale, single-use compostable products  
that are environmentally friendly!*

Our compostable line of products is an ecologically sound and practical choice. EarthSense offers superior performance and appearance

vs. other "green" disposable products.

## EarthSense™

- Compostable in municipal or commercial composting facilities.\*
- Made from FDA approved renewable sources derived from corn or other vegetables.
- Meets compostability standards established by BPI (*Biodegradable Products Institute*), including ASTM D6400, and EN 13432 standards.
- Tested and approved at the nationally recognized Cedar Grove composting facility.
- USA manufacturing reduces the carbon footprint associated with off-shore "green" imports.

\*Compostable plastic products need to be processed at a commercial composting site (which may or may not be available in your area). Please contact your local waste disposal authority for more information.

EarthSense™ products should not be stored or transported in temperatures that exceed 120° F (48° C), and cannot be used with hot food above 140° F (60° C).

### Product Specifications

### Single-use Compostable Tableware

	Item	Description	Colour	Case Pack	Case Cube	Case Weight	SCC	UPC
